

Ass. prof. Albin Stritar, MD, PhD
Head of Burns Unit
Department of Plastic Reconstructive Surgery
University Medical Centre Ljubljana

Specialized areas

A member of hand team, microsurgical team, lymphoedema team and burns team.

▲Education

I finished primary and grammar school in Ljubljana.

I started studying medicine at The Medical Faculty in Ljubljana in academic year 1973/74 and finished it in 1979.

After having served army 1980/81 I went through a period of probation and passed the state exam in 1982.

I participated in numerous professional trainings. In 1978 I went through a one-month period of student practice in Hospital in Geneva. Within my work in the field of general medicine I took courses from ECG, reanimation and a hypertension.

▲Specialization

I started a general surgery specialisation in 1984 and finished it 1991.

I also took a post-gradual course for young surgeons in 1988/89 and plastic surgery courses in 1985, 87 and 89 in Ljubljana. I spent 3 months fellowship in Montpellier at the department for traumathology and orthopaedics. I took a course under the title of The Use of expanders in Plastic and Reconstructive surgery in Marseilles, a course of a hand osteosynthesis in Davos and a course of Reconstructive and Plastic Surgery in Oncology in Venice. In 1996 I finished my research master thesis. In 2002 I had completed my PhD degree of an experimental research. I have finished my plastic surgery education with final exam in 2003.

I also participated in a large number of scientific meetings in Slovenia and abroad, including burns, hand, microsurgery, general plastic surgery and aesthetic surgery.

▲Spoken languages

Croatian, English, French, Italian, Serbian, Slovene.

▲Years of experience

40

▲Professional experience - employment(s)

I had been employed in a Health service as general practitioner until 1985.

In 1996/97 I was employed for one year and improved my knowledge at The Department for Plastic and Reconstructive Surgery in Chester (GB).

Then I started to work in the University Clinical Centre Ljubljana on the Clinic for Plastic Surgery and Burns. I specialized in 1991 and since then I work as a specialist of general surgery on the Clinic for Plastic Surgery and Burns in Ljubljana. I am a member of microsurgical team and burns team.

In 2001 I was named to be a head of the Burn unit in the University Clinical Centre Ljubljana.

▲Membership(s)

I am a member of Croatian and Slovenian Association for plastic, hand surgery and burns. I am also member of EBA, MBC - representative for Slovenia, FSRM – representative for Slovenia and member of BAPRAS and FIS.
